

The 50 MHz DX Bulletin

Volume 10, Issue 7

July 1999

ISSN 1073-1024

The 50 MHz DX Bulletin was founded by Harry Schools K3HS. It is dedicated to the understanding and utilization of long distance propagation in the 6-meter Amateur band. The current editor and publisher is Victor Frank, K6FV. Subscription rates are \$20 U.S. third class mail, \$25 U.S./Canada/Mexico airmail, \$25 by surface and \$30 by airmail elsewhere for 12 issues. Circulation matters and DX reports should be sent to Victor R. Frank, K6FV, 12450 Skyline Blvd., Woodside, CA 94062-4554 USA or to P O Box 762, Menlo Park, CA 94026-0762 USA. My Internet address is frank@horizon.sri.com. The bulletin may be freely quoted, provided that credit is given.

SMIRK

Over the years, I've published just about everything that Six Meter International Radio Klub has sent us. This Spring I volunteered to update SMIRK's U.S. mailing list, and have in fact, sent sample bulletins to the most recent third of their membership with the hope that some would subscribe. This hasn't been highly profitable. Perhaps the preponderance of reports is one reason for the low return and some good writing might help. I have therefore entered into an agreement in principle to include SMIRK's *Six Shooter* with these pages.

Neither I nor SMIRK can afford to send bulletins each month to all present SMIRK members. Postal rates have skyrocketed since I last saw a *Six Shooter*. Present SMIRK members will keep their numbers (which are not re-issued), but there will likely be a new category of membership for subscribers.

I understand that SMIRK has some new leaders, and more about this will likely appear in their early writings. This month we have the results of the 1998 SMIRK contest and a promise that the results of the recently concluded 1999 SMIRK contest will be reported more timely.

The 50 MHz World Wide Fall Sprint

is a short single-band contest, one of many for each amateur radio band between 50 and 5760 MHz. The 50 MHz contest will take place between September 25 2300Z and September 26 0300Z. The object is to work as many amateur stations in as many 2° by 1° grid squares as possible. The exchange is grid-square locator, signal report is optional. There is a rover category and rovers will sign with call plus Rover or on CW with /R after call.

One point for each complete QSO. The multiplier is the number of grid squares worked. Final score is QSO points times grid squares worked.

Rovers are scored as the total number of QSOs for the contest period times the total number of unique grid squares worked from each grid square. Once moved to a new grid square, you may re-work all previously unique grid squares for new multipliers.

Logs must be submitted no later than 30 days after the event. 6 meter logs should be sent to: Harry Brown, W3IIT, 3012 Potshop Road, Norristown, PA 19402
hbrown@voicenet.com

A 50 MHZ EXPEDITION TO ANGUILLA

by Dick Hanson, K5AND & Jimmy Treybig, W6JKV

OPERATING DATES: June 24 to July 5, 1999;
LOCATION: Skiffles Villas on Iscaa's Cliff, 200 feet above the Atlantic Ocean, with clear view to Europe and North America;
EQUIPMENT: ICOM 706's, 8 el. 41 ft. boom M2 ant., and homemade, 700 watt amp by K5AND;
NUMBER OF CONTACTS: 815 including 337 Europe, 443 USA, and 34 other N.A.; 32 countries including 9A, C6, CT, CU, D, E, F, G, GD, GI, GM, GU, GW, HK, I, K, KP2, KP4, OE, OK, ON, OZ, PA, S5, SM, SP, SV, TI, VE, VP2E, YU, and ZF;
FARTHEST CONTACTS: many contacts in SM, YU, S5, SP, and SV in the 5000+ miles category, in N.A. the farthest about 4000 miles to K6QXY, copied in 4Z, 6000+ miles;
TIME OF OPENINGS TO EUROPE: (open 10 of 11 days when big ant. up); June 25 1715-1830, 6/26 1845-1945, 6/27 2100-2115, 6/28 2015-2130, 6/29 not open, 6/30 1445-1500, 7/1 1505-1520, 7/2 1740-1820, 7/3 1720-1935, and 7/4 0900-2235 (still open);
MOST AWESOME OPENING: July 4...band was open to Europe at 0500 local time (0900 gmt) and stayed open, continuously for 14 hours, or until 1830 local, 2231 gmt. Band was open to USA almost the entire time. Worked approx. 270 European stations (excludes duplicates). At 2231, was working G's and wife said supper or divorce.... thanks to all of you for qso's, patience, and understanding....

SPECIAL THANKS; to Ms. Richardson for help in obtaining licenses, and to the lovely people of Anguilla who make you feel welcome in their beautiful country.

And In Moldavia

Lysy, ER1LW, posts: My friends and I were working 6m at KN47AF on July 3 and 4 with call ER1LW/P. During 24 hours +we worked 595 QSOs with GD, GJ, GU, GM, GW, PA, ON, LA, SM, OH, OH0, ES, UA, DL, SP, OK, 9A, S5, I, IS, IT, 4X, 9H, EA, EA6, EA8, F, HB, OE, and LX. Maximum distance was 4124 km. We were using an Icom IC-736 + PA-1500 based on the GS-35B tube with a 6el Yagi.

Montserrat Results Not So Good

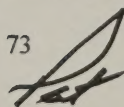

Graham, VP2MDD/M0AEP, posts: "Just returned from Montserrat. Six was very poor. Worked HP2CBW on SSB within minutes of erecting 4 el Yagi on Tuesday, June 15. Then **nothing** except local reassurance from V44KAA (on St. Kitts and also looking for EU) that I was getting out. He reported that I was a week too late. He had worked North and South America the previous week on a daily basis. My CW/SSB calls went unanswered until a small opening to East Coast/Florida/Texas on June 25. Even then, held my first QSO into Delaware before any more stations were heard. Very very weak R3-4/S1 KP4 beacons were heard nearly every day. Kept switching to Six during several excellent world-wide 10m openings, but nothing heard in VP2M! It is just possible that I will be returning in August to VP2M, so there may be another opportunity.

June-July 99 DX Reports

The following reports of 50 MHz and higher DX propagation are courtesy of SM7AED's *Six-metre Info*, JA1VOK's column *V,UHF DX Topics* in *MOBIL HAM*, G4UPS, XE2HWB, VE7SKA, W0MTK, K6QXY, YO7VS, WA5IYX, K1MOD/9, N4MM, SM7FJE, EH8BPX, KC7NE, WA1ECF, K2SPO, and postings on the Internet. Apologies to any sources I may have inadvertently neglected.

The first entry is *mmddhhii*, where *mm* is the month, *dd* is the day of the month, *hh* is the hour UTC, and *ii* is the minutes after the hour. The year is understood to be 1999. A + to the right of the time indicates the observation was one of several in a time period and is probably later than the time reported. A ~ indicates approximate time. The grid square of the observing station may occur after a > symbol; however a time after > indicates the opening was still in progress at this time. A t indicates tentative identification of a TV station. Symbols just before the call of the reporting station include: V=Video Carrier, I=Inband video sidebands, F=FM audio, B=beacon, C=CW, R=RTTY, S=SSB, T=Television, W=mode not mentioned (or both CW & SSB), H=heard only.
